

BUSINESS INSTITUTE

200% CARBON OFFSET

The carbon footprint of Business Institute has been 200% carbon offset.

The offsetting has happened through measurable carbon reductions, verified by the strictest industry standards. Business Institute supports our portfolio of hand-picked high-quality projects.

Additional to the offsetting, Business Institute is also planting trees in the Climaider forest in Madagascar.

Through these projects, Business Institute contributes to the UN's SDG no. 13, Climate Action, as well as several other SDGs.

This certificate was issued on April 13, 2021.
